

## God Is The Seed

All have grown out of one single small seed! And, every fruit of that tree has seeds of the same nature inside it! So too, contemplate for a while on the magnificent multitude of life, all its rich variety of strong and weak, prey and hunter, distressed and delighted, creeping, crawling, flying, floating, walking hanging, burrowing, diving, swimming-all this uncountable variety of created beings have come out of the 'beejam' (Lord) and each of them has in its care, the beejam, again!

The God who is the origin and the goal can be cognized only by the pure consciousness, after chithhasuddhi is attained. And, to cleanse the consciousness, one must start early. **The race is won by those who start early and drive slowly; then, they reach safely,** not otherwise. Put the little feet on the path of God; the joy of the first steps will lead them forward. We in India see God in trees, in plants, in birds and beasts; we worship Him everywhere, in all things.

The tendrils of Love aspire to cling only to the garmets of God.

We treat the picture as God, and not treat God as a picture; worship the stone as God, not treat God as stone!

*It is really commendable that in this City so many of you are engaged in Bhajans, Nagarasankirtans and Namasmaran. Let the Name of the Lord proceed from the heart, not from the lips. Be Prahladas, in the land that is sick with too many Hiranyakasipus. The Name of the Lord is the Narasimha that will save and sustain! Purify yourselves and purify the atmosphere, in which and by which you have to live. That is my advice and my blessing.*
