Dharmakshetra is a venue for a Spiritual Retreat for Senior Citizens. These are organised by Samithis who bring the Senior Citizens from their locality for some joyful moments. Dharmakshetra also organised in 2001 a mass scale Orientation programme on 'Happier Living' for auto-rickshaw drivers of Mumbai.

Another significant mass movement is the work of Seva Dal, particularly the youths, in Sai Colonies of Mumbai. The Organisation has adopted for development 17 slum colonies in Mumbai and named them Sai Colonies. Bal Vikas, Narayan Seva, Nam Sankirthan, Health & Hygiene are some of the regular activities going on for which Dharmakshetra is the nerve centre. During the recent flooding of Mumbai due to unprecedented rains, the Organisation reached the needy for medical aid and food supplies on a large scale.

'little master' with His Master - Presenting Citation to Bhagawan on behalf of citizens of Mumbai

The Text Of The Citation Presented At The Lotus Feet The World Redeemer - His Holiness Sri Sathya Sai Baba

"You are the master of yoga, That unites
All creeds into a religion of love
In your Divine presence, The Rich and the Poor,
The Poet and the Politician, The Sinner and the Saint,
Live in close Harmony,

Helping to change the earth into a Heaven.
You are the seer that knows life from its very roots,
Making it branch into many a Graceful Bend.
You are the fountain of pure love, that pours
Turning the desert sands into a Paradise"

Indeed, you are a unique national purifier who has,
since the declaration of your mission at the age of 14,
relentlessly been engaging yourself in bringing about
a monumental spiritual Transformation in man and
Mankind at large. You have established man's identity
As a Reflection of the Divine.

You have shown by your example that the
Character of man lies in the unity of thought, word and
deed. It is therefore not surprising that every spoken
word of yours has found fulfillment in action. In the
field of education, your university, in the field of
Medical sciences, your super speciality hospital and in
the field of service to mankind, the supply of clear
drinking water in villages, and that too, all free of
charge for all mankind, Irrespective of caste, colour
and creed, have become the beacon lights in India and
abroad. Whilst other's think, you act. Indeed, your life
is your message.

On the 70th year of your advent, the citizens of
Bombay extend their heartfelt Felicitations to Your
Holiness and pray humbly that the Guiding Light of
Your Holiness will help to restore Mother India to its
Pristine Glory.
