

had the privilege of being a unique launching pad for His Divine Mission. Thus, year after year, Swami nurtured the glorious plant with Love and Care. The Divine Discourses given in Dharmakshetra from 1968 to 1999 cover all aspects of life and living, and form the bedrock of His Upadesha (Divine Guidelines) for all mankind. Naturally, activities and projects in Dharmakshetra have grown out of these central themes.

Thus, the first Bhajan Centre at Organisational level was started here; in years to follow the vanguard movement of Namasmarana spread all over the world. The first Seva Dal was launched in Dharmakshetra; it is now the rallying point for all active workers and is the largest voluntary force in the world of selfless workers

involved in service of mankind. The extension of these services to the sphere of medicine and social upliftment are beacon lights for all to emulate. The most significant milestone was starting of Bal Vikas classes in Dharmakshetra which now is the foundation of the ultimate Message of Sri Sathya Sai Educare. This Message given to the world is indeed the Glory of Sri Sathya Sai.

Like a huge Banyan tree in full blossom, Dharmakshetra is spreading its wings and secondary roots. Under its shade, for generations to come, the weary wanderer through life can seek avenues of 'Loving Action', and experience Peace. For those who had the privilege of coming close to the sacred Tirth Kshetra, an International Pilgrimage

Centre, it is a symbol of man's journey from I to We.
