Dear Brothers and Sisters

Today's evening bulletin from Puttaparthi mentions that Swami's health continues to be in critical condition. I recall Swami's message delivered during the World Youth Conference in July 2007 in which Swami speaks about HIS body, Swami declared **"When you look at Swami from an external angle, you will think that Swami is perhaps suffering from severe pain. Even if there is some pain, your love for Swami will remove that pain. It is enough if I look at you; all My pain is gone! I will be happy and cheerful. My pain, if at all there is some, has to be removed by your love for Swami and not by the doctors. There is no medicine more efficacious than love. Your love is My medicine."**

Believing in Swami and praying with all your heart makes impossible things possible. Let us continue our prayers as love for our beloved Swami. It has been planned to have a full day Japa on this coming Sunday 24th April 2011, at Dharmakshetra from 5.50 hrs to 19 hrs from sunrise to sunset. (i.e.. suuryodaya to suuryaasta) The prayer to be chanted is

**"Achyutham Kesavam Rama-Narayanam
Krishna-Damodaram Vasudevam Harim;
Shreedharam Madhavam Gopikavallabham
Janakee-Nayakam Ramachandram Bhaje"**

The schedule planned is as follows:

Bandra to Borivali zone	05:50 to 09:30 hrs
Navi Mumbai zone (Vashi, Nerul, Panvel, Kharghar)	09:30 to 13:00 hrs
Sion-Wadala to Ghatkopar,Chembur, Mulund zone	13:00 to 16:30 hrs
Fort to Shivaji Park zone	16:30 to 19:00 hrs

Bhagawan is testing our faith at this time and I strongly believe with our love through prayers for our loving Swami's health, all of us will pass this intense test.
